## EXAMINATION CELL COMPOSITION

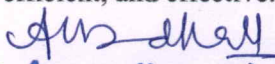

S. No.	Name	Role
1	Dr. Anuradha M	Chairperson
2	Dr. Thammaiah R. B	Co-ordinator
3	Mr. Raju Krishna Kishore Mr. Roopesh Kumar Mr. Sujay Mr. Prakash Mr. Shivraju	Members

### Roles and responsibilities

The roles and responsibilities of an examination cell typically include:

1. **Preparing exam materials:** The examination cell is responsible for preparing indents for exam papers, answer sheets, and other materials required for conducting exams.
2. **Conducting exams:** The examination cell is responsible for conducting exams and ensuring that all rules and regulations are followed.
3. **Handling student records:** The examination cell is responsible for maintaining accurate records of student grades, attendance, and other information related to examinations.
4. **Handling exam-related complaints:** The examination cell is responsible for addressing any complaints or issues related to examinations from students, faculty, or other stakeholders.
5. **Ensuring security:** The examination cell is responsible for ensuring the security of exam materials, preventing cheating, and maintaining confidentiality.
6. **Coordination with faculty:** The examination cell is responsible for coordinating with faculty to ensure that exams are aligned with the curriculum and learning objectives.
7. **Coordination with other departments:** The cell is responsible for coordinating with other departments, such as administration and finance, to ensure that all resources required for conducting exams are available.
8. **Continuous improvement:** The cell is responsible for continuously reviewing and improving the examination process to ensure that it is fair, efficient, and effective.

 Padmashree Institute of  
 Management & Sciences

## PROCESS FOR CONTINUOUS INTERNAL ASSESSMENT

At the beginning of the semester, students are informed about the various components of the continuous evaluation process, including the Internal Assessment (IA) marks distribution.

The criteria for assigning IA marks include an

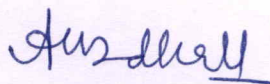

1. Internal assessment test (10 marks)
2. Attendance (5 marks)
3. Seminar (10 marks)
4. Assignment (5 marks).

The internal distribution of 30 marks may vary from course to course, as per the university scheme.

Students are assigned assignment and seminar topics at the start of the semester and asked to submit within the stipulated time.

Each component is assigned with marks, and the final IA is calculated based on the above criteria.

## Sample Internal Question Paper:

 <b>Padmashree Institute of Management and Science</b> Bangalore Department of Clinical Nutrition And Dietetics I - Internal Assessment					
Semester: 6-CBCS 2017			Date: 27 Jun 2022		
Subject: FUNCTIONAL FOODS (CND602)			Time: 10:30 AM - 12:00 PM		
Faculty: Dr Shilpa P			Max Marks: 35		
PART A					
Answer any 5 question(s)					
Q.No		Marks	CO	PO	BT/CL
1	1. What are antioxidants? List some antioxidant compounds with their food source	3	CO1	PO11	L1
2	Define Nutraceuticals. Give examples of some nutraceuticals with their importance	3	CO1	PO11	L1
3	Describe the classification of nutraceuticals.	3	CO2	PO11	L1
4	What are Prebiotics? Give examples of prebiotic foods. Write the desirable properties of a prebiotics.	3	CO1	PO11	L2
5	Write about the mechanism of microbial fermentation in the large intestine.	3	CO2	PO2	L2
6	Brief on the health benefits of dietary fibre consumption.	3	CO1	PO11	L2
PART B					
Answer any 2 question(s)					
Q.No		Marks	CO	PO	BT/CL
7	What is dietary fibre? Describe the classification of dietary fibre? Give examples	5	CO1	PO11	L2
8	Write the important milestones in the history of functional foods and Nutraceuticals	5	CO2	PO11	L1
9	Write about the significance of prebiotics as functional foods.	5	CO2	PO11	L2
10	Explain the role of antioxidants in the prevention of Cancer	5	CO1	PO11	L2
PART C					
Answer any 1 question(s)					
Q.No		Marks	CO	PO	BT/CL
11	Elaborate on the importance of antioxidants in preventing Obesity.	10	CO2	PO11	L2
12	What are Probiotics and list the desirable properties of a probiotic product? Write in detail the importance of probiotics in improving gut health and overall health	10	CO1	PO11	L2
13	Describe the large scale production of any one probiotic product.	10	CO1	PO11	L3
