Program Summary

The webinar on apiculture was organized to educate students and the public about entrepreneurship opportunities in the field of beekeeping. The students learned about the necessary entrepreneurship skills and were informed about the nutraceutical and medicinal benefits of apiary products. The speakers also discussed the prospects of meliponiculture in India and provided an overview of honey bees, beekeeping practices, and techniques used by beekeepers. The final session of the webinar was a demonstration of beekeeping.

Program Summary

This national webinar was organized to give the students and public in depth knowledge of aquaculture. Eminent scientists and experienced professionals, enlightened participants about entrepreneurship prospects in aquaculture. The participants were introduced to aquaculture, the basic processes and steps involved, and the different systems that are available for aquaculture, and also a detailed demo of the DR was given. This webinar encouraged the students and also provided insights into the opportunities for entrepreneurs in the field of aquaculture.

Program Summary

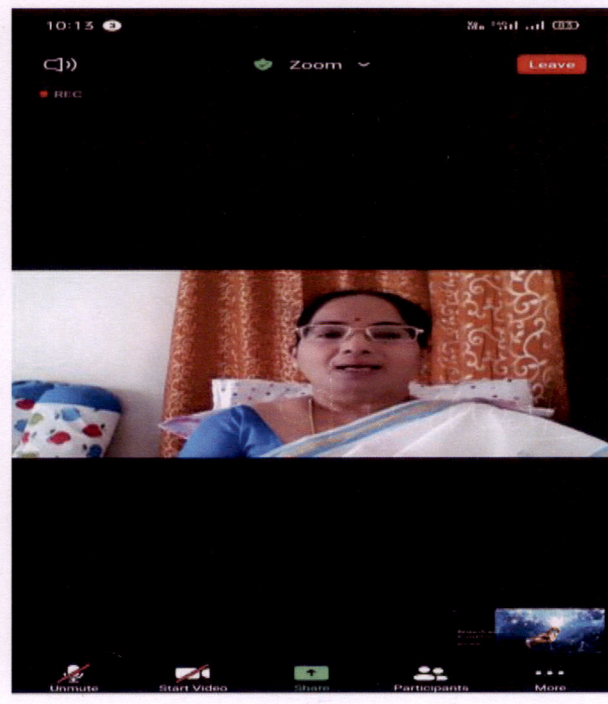

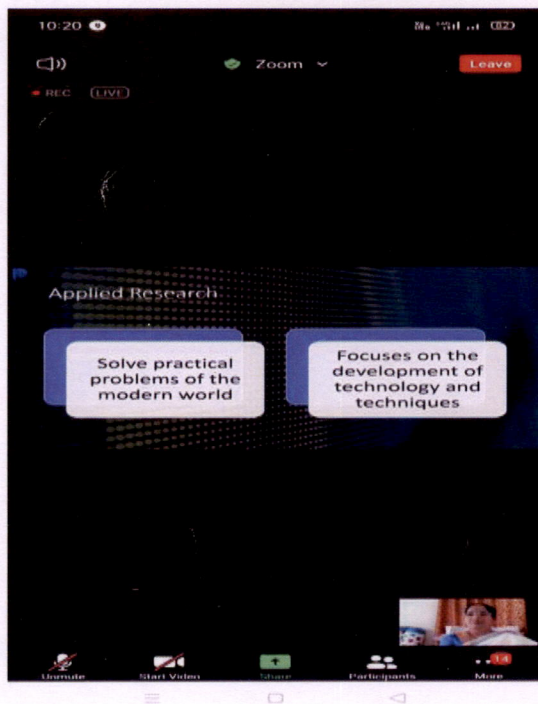

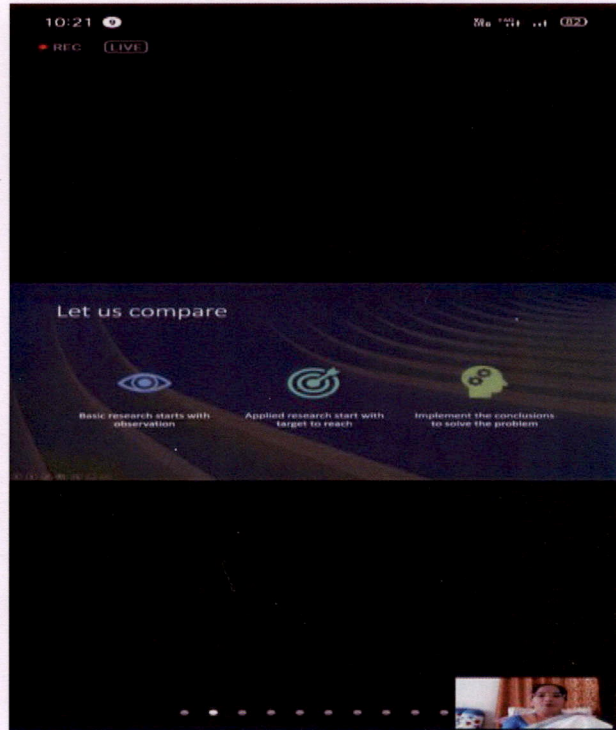

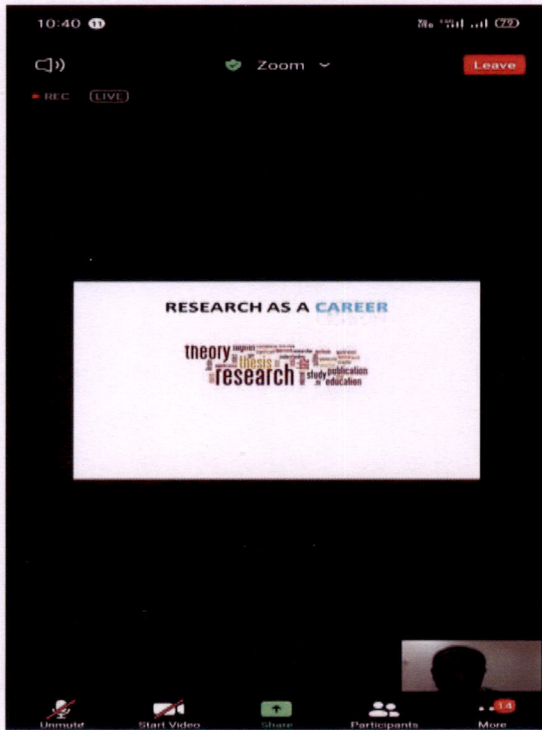

A 10-day national workshop titled "Hands on Research and Innovations – Theory and Practices" was organized by Padmashree Institute of Management and Sciences in collaboration with Radiant and BiSEP from November 4th to November 13th, 2020. The workshop was conducted online and live-streamed on YouTube and Facebook. It aimed to provide information and guidance on research and innovation to post-graduation students, with a focus on topics such as plagiarism, research design, scientific writing, biostatistics, and career development in research. Over 85 participants attended the workshop daily, and all participants received an e-certificate.

Any region of the DNA sequence can, in principle, code for six different amino acid sequences, because any one of three different reading frames can be used to interpret each of the two strands.

Reading frame for sequence of top DNA strand →

Reading frame	Sequence	Amino acid sequence
1	5'-TAC TGA GGC GGT-3'	Met Cys Gly Gly
2	5'-TGT ACC GGT GGC-3'	Cys Thr Gly Gly
3	5'-TTG TAC GGC GGT-3'	Trp Tyr Gly Gly

Reading frame for sequence of bottom DNA strand →

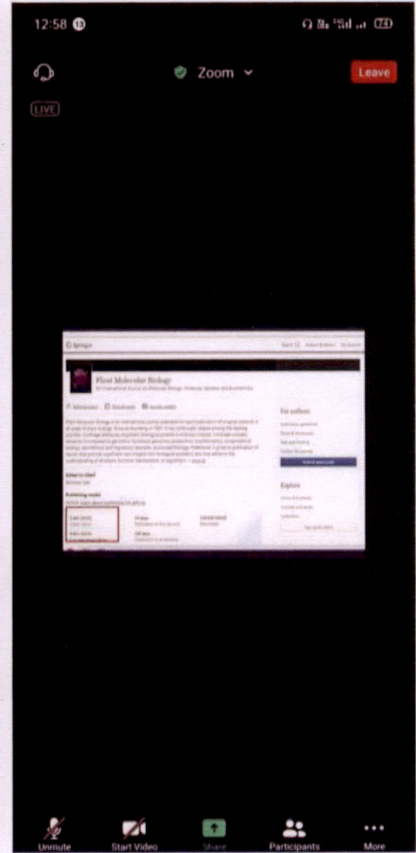

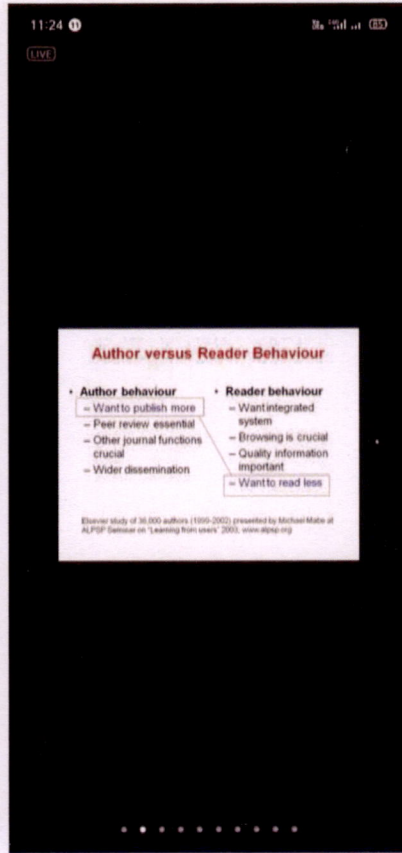

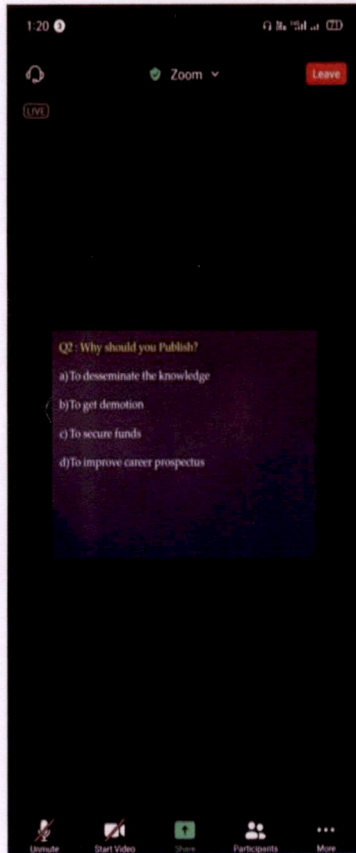

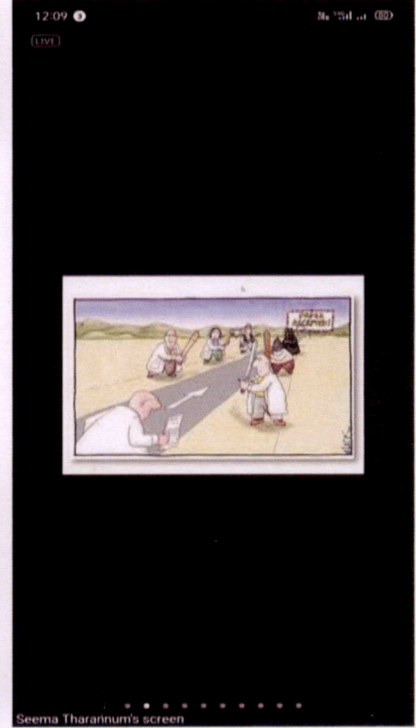

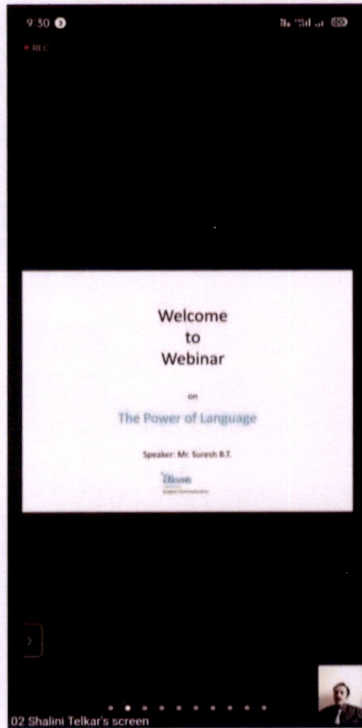

Reading frame	Sequence	Amino acid sequence
1	3'-ATG ACC GGT GGC-5'	Met Thr Gly Gly
2	3'-TAC TGA GGC GGT-5'	Met Cys Gly Gly
3	3'-TTG TAC GGC GGT-5'	Trp Tyr Gly Gly

Program Summary

The webinar discussed the growth and sustainability of the food sector during the COVID-19 pandemic and was attended by 178 students and faculty members. Three speakers from top research centres and industries spoke about the challenges faced by the food sector and offered insights on food technology, healthy nutrition during the pandemic, and nutraceutical solutions. The event was particularly beneficial for students specializing in food-related fields. The session ended with a vote of thanks.

FLAMMABLE

- 4 Extremely flammable
- 3 Ignites at normal temperatures
- 2 Ignites when moderately heated
- 1 Must be preheated to burn
- 0 Will not burn

HEALTH

- 4 Too dangerous to enter vapor or liquid
- 3 Extremely dangerous use full protective clothing
- 2 Hazardous - Use breathing apparatus
- 1 Slightly hazardous
- 0 Like ordinary material

REACTIVITY

- 4 May detonate - Vacate area if materials are exposed to fire
- 3 Strong shock or heat may detonate - Use monitors from behind explosive resistant barriers
- 2 Violent chemical change possible - Use hose streams from distance
- 1 Unstable if heated - Use normal precautions
- 0 Normally stable

Program Summary

A 3-day workshop on lab safety skills and practices was organised by Padmashree Institute of Management and Sciences from October 29th to October 31st, 2020. The Principal of PIMS, Dr. M. Anuradha, gave an introduction to the workshop on first day of the workshop. The other speakers covered laboratory safety, basic instruments and safety methods, biohazard, biosafety, personal care, sample collection, and safety precautions, standard operating procedures, log books, record maintenance. A quiz was conducted at the end of the program. The aim of the workshop was to educate students on the potential risks in a laboratory and how to avoid them by following prescribed safety guidelines.

TRAINING ON FOSTAC BY FSSAI

Organized by Padmashree Institute of Management and Sciences, Bangalore

Date	14-12-2020 – 16-12-2020
Title	Training on FOSTAC by FSSAI
No. of students	60
Speaker	Mamatha Mishra, Managing Director Greentick Food Tech Private Limited, National Level Resource person (NLRP) for Food Safety Training and Certification (FoSTaC) under FSSAI.
Event	Skill enhancement program for Entrepreneurship development

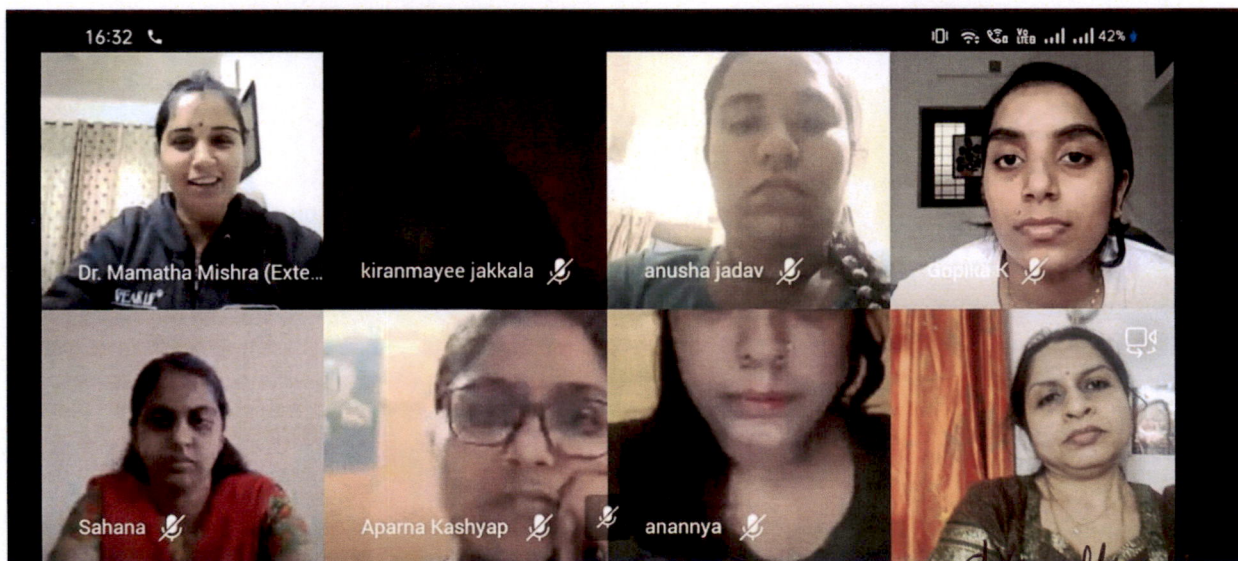

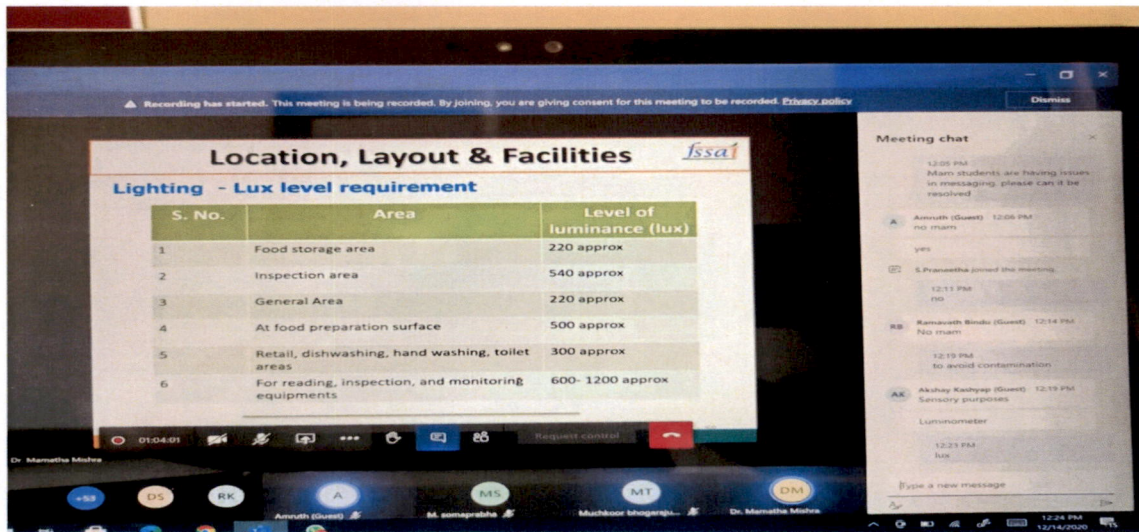

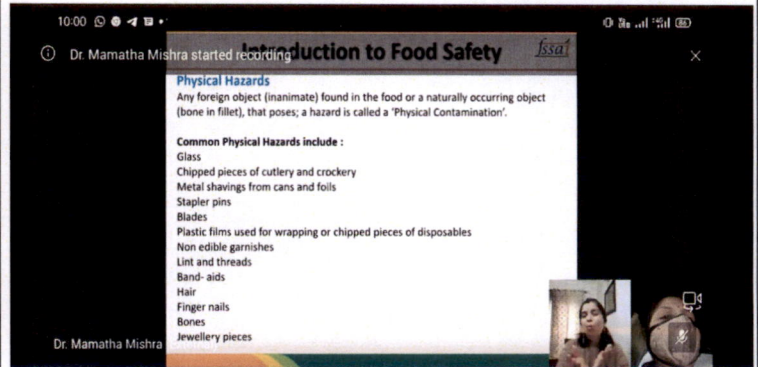

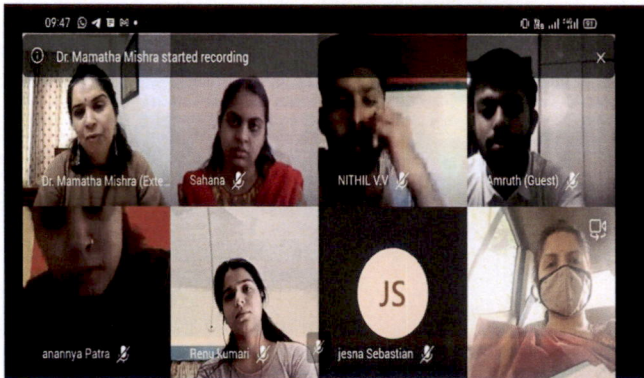

Resource person/s

	<p>Name: Mamatha Mishra</p> <p>Designation: Trainer</p> <p>Affiliation: Food Safety Training and Certification (FoSTaC) under FSSAI.</p> <p>Phone no:</p> <p>Email Address:</p>
--	--

Program Summary

This training was designed to help students to improve their knowledge and skills about food safety and to create awareness about food safety hazards. It also helped students to understand the various types of food safety hazards and its control measures. This also helped students to learn the importance of good personal, hygiene, sanitation, and food handling practices. At end of the training, students were able to understand how to implement proper food safety practices to reduce risk of foodborne illness and promote public health.

Program Summary

Business Plan Competition Institutional round

Mahatma Gandhi National Council for Rural Education's (MGNCRE)

Business plan competition Institutional round was held for the students of BBA and MBA on 5th March 2021. The competition was conducted by MGNCRE's rural entrepreneurship development cell. Participating students prepared business plan presentation for rural and urban entrepreneurial ideas. All participant students were mentored and guided by faculties. In particular, students were encouraged to envisage a business opportunity in the backdrop of rural development. The top three institutional round winners namely Ankit Dey, Bhavan Kumar P and Reshma Begum participated in the cluster round competition. The cluster round was held online on zoom platform and Institutional winners from Bangalore, Coimbatore and Telangana presented their business plan ideas on 24th April 2021.

Program summary

The Padmashree Institute of Management and Sciences conducted a training program on Hazard Analysis Critical Control Point (HACCP) in March 2021. The program was organized in association with TÜV SÜD South Asia Pvt Ltd. and K-Tech Innovation Hub. The training was conducted by a proficient trainer, Mrs. Navita Pinto from TÜV SÜD South Asia Pvt. Ltd. Bengaluru. The program helped the participants learn about the HACCP system, its importance in managing food safety risks, and the HACCP regulations followed in the food manufacturing industry. The participants also gained knowledge and confidence in applying the Codex 12 steps to HACCP for developing, implementing, and maintaining a HACCP-based food safety management system.

Program Summary

Upskill Yourself for Dream Career virtual webinar has been organised by Padmashree Institute of Management and Sciences on 22-05-2021. A quality management system is essential to the success of the life sciences industry. However, meeting business goals requires quality regulatory compliance for continuous improvement and safety assurance of products. While profit-making is the goal of most businesses, life sciences enterprises focus on saving lives. The life science industry must comply with several regulatory requirements to design and manufacture safe and quality products. Mr. Chalam Plachikatt and Ms. Sudepta Benerjee are the speakers, they delivered talk on upskilling ourselves for our dream career, they gave insights on the topic and elaborated with their life experiences; further, the program was concluded formally with a vote of thanks by thanking all the organizers, teachers and participants for making the program a success.

Program Summary

The E-step boot camp was a start-up program was organized. It aimed to motivate students and provide them with basic information to start a start-up. The event was addressed by several prominent figures in the startup world, including Dr. E.V. Ramana Reddy, Gudipudi Krishna Sharma, and Vishnu Nagaraj. The program covered various topics, such as product design and marketing, design thinking, innovation, and how to create a pitch deck. A mock pitch session was also conducted, allowing students to express their ideas and get their doubts cleared. The event ended with a vote of thanks from Mrs. Meena Nagaraj.
