### Course Summary

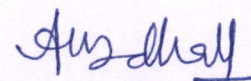

The Add on course conducted by Dr. Thammaiah. R.B., Dr. Indhu Eapen M. and Dr. Chethana P. dealt mainly on the basics of grammar starting from usage of words and phrases appropriate to frame meaningful sentences. The students were trained to speak, read, write and study in English with proper use of grammar. Students were made to learn grammar and vocabulary by different activities given to them like Quiz, paragraph writing, correcting the grammar and vocabulary mistakes in the given text and so on. This will help students to strengthen their ability to write their academic study tour report, industrial visit summaries, academic papers, essays and so on using the skills learnt through this course.

Functional grammar course helped students to enhance their writing and oral communication skills. Group discussions on some topics given and thinking of new idea creation for critical problems in daily life and so on was given to students to learn interpersonal communication and team work. This kind of tasks helped students to develop confidence. The students were trained to increase their reading speed and comprehend the academic study materials, text books and research articles.

## VALUE ADDED PROGRAM

### RESEARCH METHODOLOGY AND SCIENTIFIC WRITING

|                  |  |
|------------------|--|
| Course Title     | Research methodology and Scientific Writing  |
| Date             | 15-11-2018 to 20-11-2018   |
| Course Code      | PIMS/VAP/PG/18-19/S1002  |
| Resource persons | 1. Dr. Anuradha M. Principal, PIMS<br>2. Dr. Sudipta Kumar Mohanty, HOD, Dept. of Biotechnology, PIMS 3. Dr. Nethra S, Assistant Professor, Dept. of Biotechnology, PIMS |

#### Training out comes.

Upon successful completion of this training the participants are able to

- Effectively plan for the conceptual background, theoretical concept, literature review, experimental research methodology, survey, and qualitative aspects.
- To design research frame work and execute it within the best time possible.
- Understand the fundamental concepts in drafting a scientific manuscript to effectively communicate research findings.
- Expand the knowledge of writing styles and formatting guidelines to be adhered while drafting a scientific manuscript.

#### Modules

| Unit | Course component  | 30 Hours |
|------|---|----------|
| 1    | <b>Introduction to Research Methodology:</b> Concepts of research, types of research, literature survey, Hypothesis testing, Data types and data collection techniques, Scientific Genres – Proposals and technical reports | 10       |
| 2    | <b>Tools for Research analysis:</b> Effective Writing Strategies, Working with Texts, Cohesive devices, Information structure, Conciseness, Digital resources, Data analysis.   | 10       |
| 3    | <b>Scientific Writing:</b> Layout of a Research Paper, selection of Journals, Impact factor, When and where to publish? Ethical issues, Plagiarism, patents, Research grants, Drafting of research proposals                | 10       |

## Course Summary

A training program on Research methodology and scientific writing was organized from 15<sup>th</sup> to 20<sup>th</sup> November 2018 for the students. The core objective of the training was to equip the students with set of skills for improving their capacity in research writing for converting their data into high quality publishable material. The speakers accentuated an overview of the steps and concepts involved in drafting a manuscript logically and sequentially within a structure. The experts briefed the writing styles and formatting guidelines to be adhered while drafting a scientific manuscript. The current training is conjectured to be useful to individuals interested in improving their scientific writing skills and enhancing their publication profile.

Management & Sciences

## Program Summary

A national webinar on "Language and Literature: A Synthesis" was organized by our college on 01-06-2020 at 11:00 AM. This was organized to help students to improve one's language proficiency, including reading comprehension, writing, and critical thinking skills. This program also emphasized about cultural awareness and help students to gain a deeper understanding and appreciation of diverse perspectives and experiences. Students were given an insight about literature, beliefs, values, and attitudes of different cultures and time periods. This also enhanced students' communication skills, critical thinking and analysis skills and their ability to articulate their thoughts and ideas effectively and communicate their thoughts and emotions to others.

Overall, a synthesis of language and literature provided students a deep understanding about language, culture, and human experience, as well as the skills necessary to effectively communicate and analyse these concepts.

### Course summary

A communication skills and interpersonal skills training program typically aimed at improving the verbal and non-verbal communication skills, including effective listening, speaking, and presenting skills. This enhances the ability to effectively convey ideas, information, and messages to diverse audiences in a clear, concise, and convincing manner. This also makes students to understand body language and its impact on communication, and the ability to read and interpret non-verbal cues, build rapport, establish trust, and engage in active listening with others.

This course enhanced conflict resolution skills, including the ability to handle challenging conversations and negotiations effectively and also increased cultural awareness and sensitivity, including the ability to adapt communication style to accommodate different cultural norms and preferences. students improved ability to work effectively in teams, including the ability to communicate and collaborate with others, resolve conflicts, and achieve common goals. They also improved presentation skills, including the ability to design and deliver effective presentations, engage with the audience, and respond to questions at the end of the module.

## Program Summary

The Padmashree Institute of Management and Sciences organized a short-term course in collaboration with Radiant Research and MLAC Women's College in January 2022. The course focused on helping students to understand the principles and best practices of effective scientific communication, including written, oral, and visual communication and to develop their skills in communicating scientific information to different audiences, such as peers, experts, the public, policymakers, and the media. This also helped students to improve their ability to write clear, concise, and compelling scientific reports, abstracts, articles, and other types of documents.

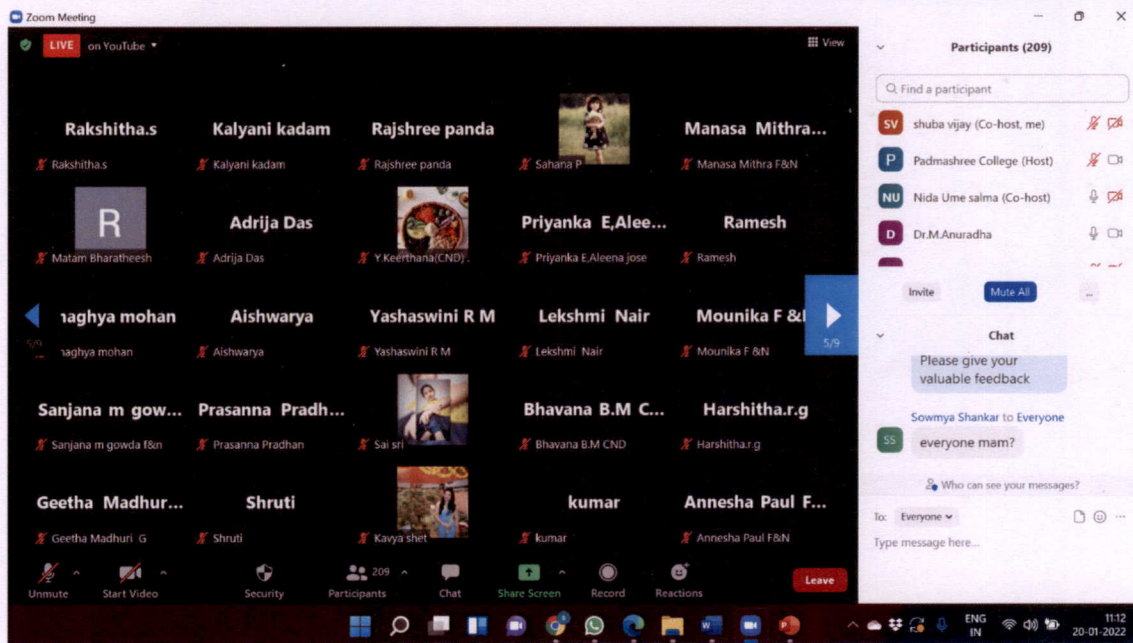

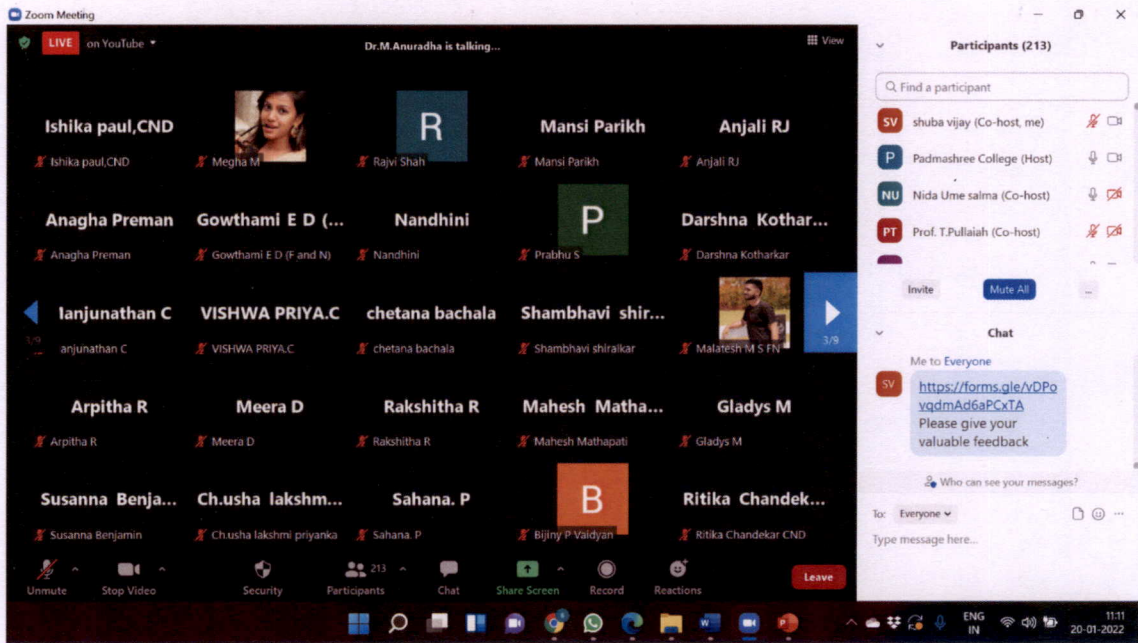

This course enhanced student's capacity to present scientific findings and ideas effectively in oral presentations, poster sessions, and other types of scientific meetings and learn how to effectively use visual aids, such as figures, tables, and slides, to enhance their scientific presentations and communicate their findings, also to develop their critical thinking skills and the ability to evaluate the scientific communication of others.

This course also provided students with deeper understanding of the ethical and legal issues involved in scientific communication, such as plagiarism, data fabrication, and conflicts of interest and equip students with the skills and knowledge necessary to communicate their scientific work effectively and accurately to a variety of audiences.

### Program Summary

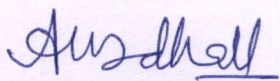

The three-day workshop on "The Essence of Effective Communication" was aimed at improving students' communication skills, interpersonal relationships, enhance listening skills, increase confidence and usage of better nonverbal communication. Prof. Medhini spoke about language fluency and etiquette. She emphasized about the importance of fluency in any language for effective communication.

Prof. Archana gave an insight about business speeches and presentations. She provided views on business communication during presentations and interactions with clients and customers. Prof. Chetana spoke about english for front desk management, where she focused on basic communication skills required.

Prof. Keerthi Shree spoke about cross-cultural communication. She emphasized on effective communication, when people from different regions relocate to different places, highlighting the importance of regional language communication.

The strategies and points presented by the speakers on effectively communicating thoughts and opinions will greatly benefit the students as efficient employees in any organization.

### Language lab facility:

The institution has state-of-the-art audio-visual facility to facilitate the development of language skills. The Language lab has been utilized effectively by both students and faculty members for self-improvement and the development of soft skills. This lab is particularly beneficial for students who wish to improve their proficiency in English. The college provides audio-visual training in the language lab to build students' confidence in English interactions and presentations. The lab's primary objective is to provide a platform for students to improve their English language skills, communication abilities, and soft skills.
