Course Summary

This course helps the students to prepare for interview, answering questions at interview, and actions to take after interview. It includes a discussion of question types, and information on alternative interview/assessment methods that organizations may use.

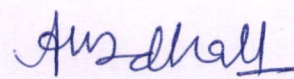

By taking this job interview training course students will master the skills that are needed to excel in interviews and move to the next phase of your professional career (a new job). The students will be ready to face interview and accomplish success in career building.

This course has been designed from the ground up to ensure a smooth, succinct and effective learning experience with a step-by-step proven process.

Course summary

The soft skills course was conducted at Padmashree Institute of Management and Sciences for 5 days (21st-26th February 2019) for all third semester Post graduate students of various disciplines. An eminent speaker Mr. Shyam Surya Narayan, Dr. Thammaiah R. B. and Dr. Sudipta Kumar Mohanty gave a talk on soft skill required for the final year students to bridge between their academics and professional carrier. Forty five students of various disciplines (M.Sc.-Microbiology, M.Sc.-Biotechnology, M.Sc.-Biochemistry and M.Voc. – Food Processing and Nutraceuticals) were participated.

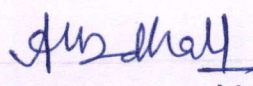

Dr. Thammaiah R.B. taught students about proper usage of the English language, communication and presentation skills. Deliberated about stress management, negotiation, and balancing professional and personal life. Students were assessed by giving group activities.

Mr. Shyam Suryanarayanan enlightened the students with motivation skills, management skills, leadership qualities, working in a team. Mr Shyam Suryanarayanan, explained to the students about entrepreneurship, identifying objectives, business proposal ideas, and writing. He also highlighted to students on interview-facing skills, prioritizing the work to increase productivity, and smart action plan making was explained to students.

Dr. Sudipta Kumar Mohanty trained students on problem-solving skills, time management, positive thinking, public speaking, effective presentation skills and students were given activities on team-building skills.

Program Summary

On September 18th, 2021, PIMS organized an event in partnership with CLINI India to prepare students for successful industrial placement by training them to be industry-ready. The event focused on the various opportunities available in the field of life sciences, especially in clinical research and pharmaceuticals. The speaker spoke about the importance of profession ready training and program in clinical research and pharmacovigilance. Students were encouraged to identify their specialization and interest in job areas and functions. They also emphasized about numerous career opportunities in the healthcare sector, making it essential for students to be equipped with professional skills to develop their careers.
