# Lab Safety Skills and Practices

Resource Person

**Mr. Velmurugan Shanmugam**  
VP-Technical Affairs,  
Biogeno Labs Pvt Ltd.

## LABORATORY SAFETY REMINDERS

Wear proper  
lab clothing

No food  
& drink  
allowed

Familiarize yourself  
with lab safety  
protocol

Handle  
equipment  
and materials  
with care

Clean as you go

ON 13 TH DECEMBER 2019

@ 10:30 - 11:30

25	Anandi	52	Sangeeta Deshpande
26	Chaya D	53	Sanjay M S
27	Sushmitha M		

### Program Summary

The training on “Lab Safety Practices” was organized to create awareness about safety issues and help students to gain knowledge about safety regulations, implementation of safety protocols, chemical storage and disposal, handling of hazardous materials, and emergency response procedures. The students were also learnt about how to identify and address potential safety. The speaker also enlightened students about the biological safety, emergency protocols, the importance of documentation and record keeping. Students were made to understand Material Data Safety Sheet (MSDS), picograms and hazard codes.

21	Amal K K	42	Vishnu Govind UL

### Program Summary

This training was designed to help students to improve their knowledge and skills about food safety and to create awareness about food safety hazards. It also helped students to understand the various types of food safety hazards and its control measures. This also helped students to learn the importance of good personal, hygiene, sanitation, and food handling practices. At end of the training, students were able to understand how to implement proper food safety practices to reduce risk of foodborne illness and promote public health.

## Program Summary

Padmashree Institute of Management and Sciences organized a three-day workshop on hands on training on skill development in chromatography at Padmashree campus from 10<sup>th</sup> - 12<sup>th</sup> October 2019. The students acquired theoretical and practical aspects about preparative and analytical HPLC and FPLC techniques during the training program. The participants learnt the principle, working, and various applications of HPLC and FPLC techniques in research for analysing complex mixtures of chemical compounds. In addition, the students gained knowledge about sample preparation, solvent systems, and different types of columns used in the chromatography techniques. At the end of the session, the trainers conducted an assessment for the students

### Program Summary

Padmashree Institute of Management and Sciences organized a training program on HACCP certification from February 3rd to 4th, 2020, in collaboration with TUV SUD South Asia Pvt Ltd. Students gained knowledge about Hazard Analysis and Critical Control Point (HACCP) and its role in managing food safety risks. They also discussed about HACCP regulations in the food manufacturing industry. The training helped students gain the knowledge and skills about CODEX and understand the implementation of HACCP-based food safety management system.

### Program Summary

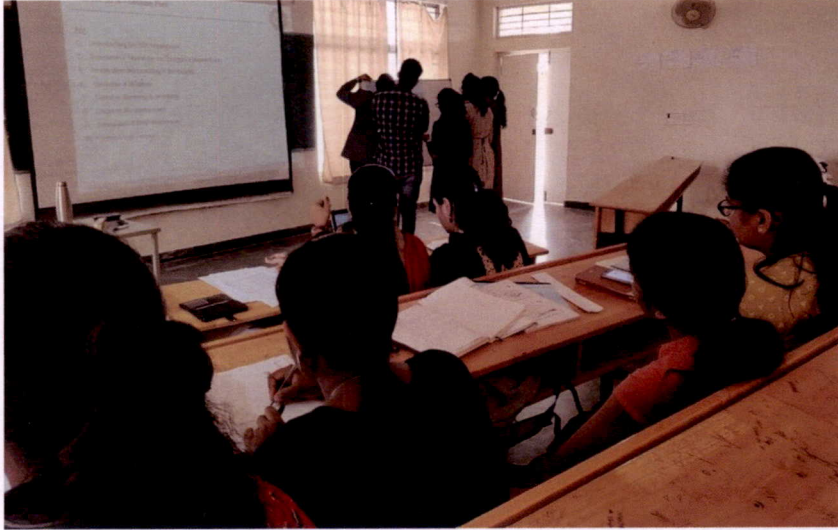

Padmashree Institute of Management and Sciences organized a training program on ISO 22000 certification from February 5th to 6th, 2020. The program was held in collaboration with TUV SUD South Asia Pvt. Ltd.,. The students were given an insight about the food safety management system standard ISO 22000. The training covered concepts such as food safety standards, auditing skills, and food quality management system. Students also participated in activities related to the food quality management system. The training helped students to develop skills for pursuing a career in the food industry.

## Tools and techniques in plant tissue culture and secondary metabolite production

11th- 22nd February 2020

organized by

Department of Biotechnology

### **SPEAKERS**

Dr. Anuradha M- Principal, PIMS

Dr. Ravishankar- Ex- Principal Scientist, CFTRI.

Dr. Savithri Bhat- HOD, BMS college.

Dr. Prathiba Bhat,- Assistant Professor, BMS college.

Dr. Chenna Reddy Ashwath- Principal Scientist, IIHR

Dr. Kiran, Professor and Head, Dayanand Sagar College of  
Engineering

**VENUE:** PADMASHREE INSTITUTE OF MANAGEMENT AND SCIENCES

PLANT TISSUE CULTURE LAB, 2ND FLOOR,

PADMASHREE CAMPUS, KOMAGHATTA, SULIKERE POST, KENGERI, BANGALORE-60

**CONTACT-**DR.INDU B K- 951313114756, MRS. ASHWINI- 7892074002

### Program Summary

A skill development program on “Tools and Techniques in Plant Tissue and Secondary Metabolite Production” was organized for students by the Department of Biotechnology, PIMS. The students were enlightened with the knowledge of basics of Plant tissue culture, various techniques of plant tissue culture and its applications.

There were various sessions delivered by eminent speakers. Dr. Anuradha. M gave an insight about Aseptic techniques, different types of cultures, Haploid production, Plant propagation techniques, isolation of protoplast, embryogenesis and root culture transformations. Dr. Ravishankar enlightened students with the knowledge of Past, present and future of Invitro secondary metabolite production. Dr. Savithri Bhat gave an overview about the transgenic plants and its importance followed by interesting session on bioreactors.

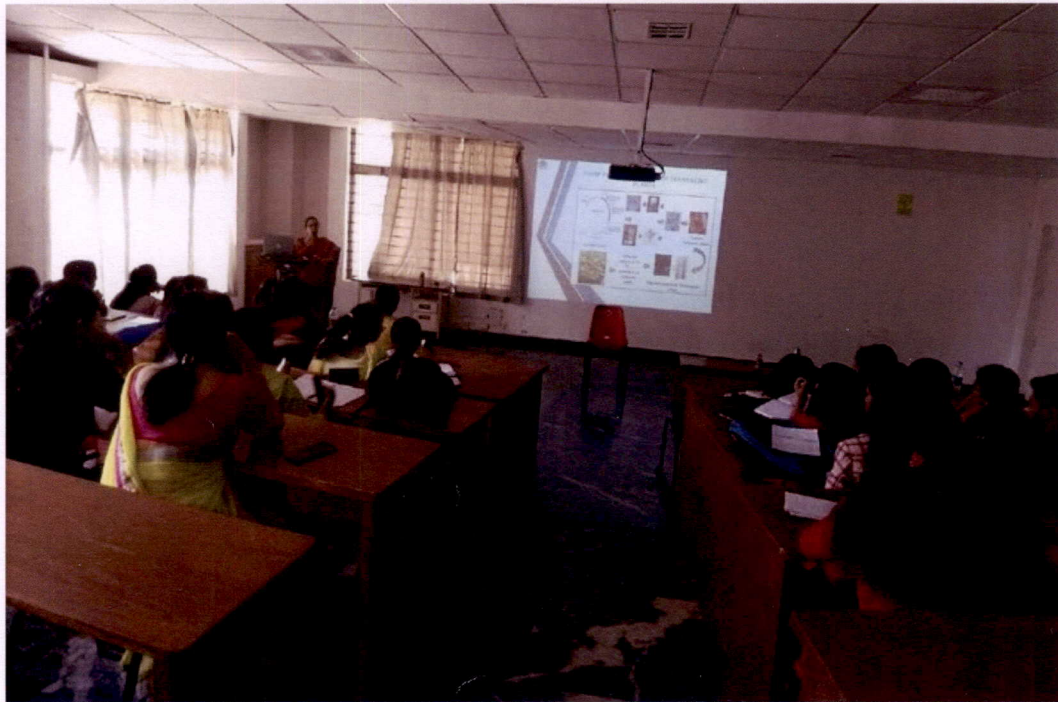

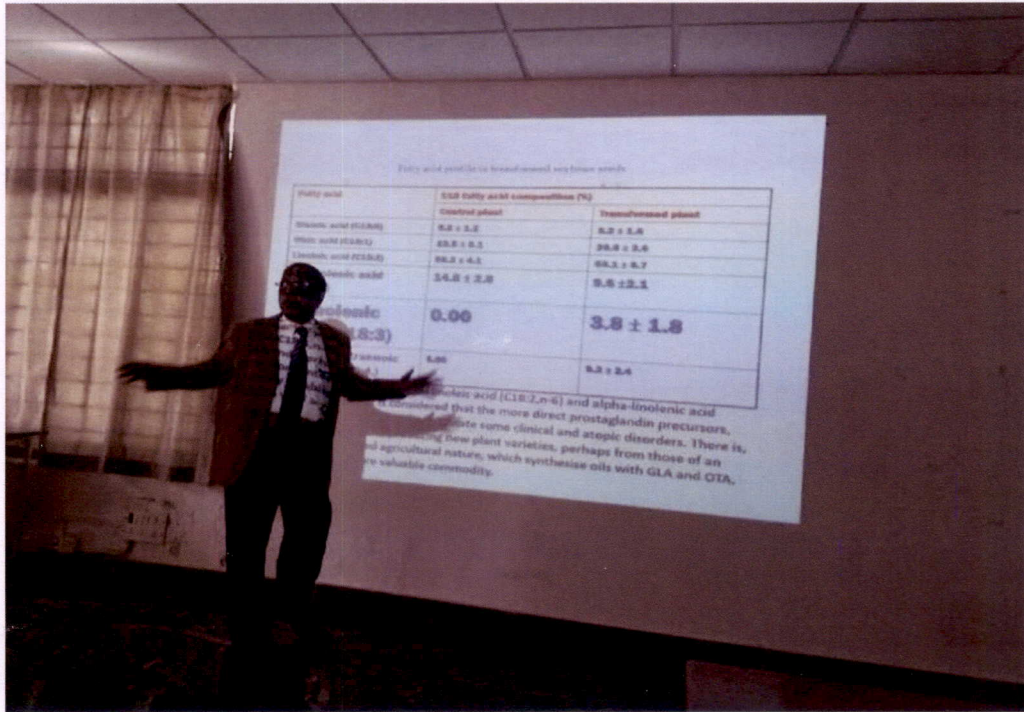

Along with this the students were also given hands on training on various aspects like media preparation, different types of cultures, Explant preparation and isolation of protoplast. The students were also given an opportunity to go and visit industries like Bangalore Genei and Green leaf technology and IIHR.

## NATIONAL SEMINAR AND WORKSHOP ON QUALITY CONTROL SKILLS IN BIOINDUSTRY

Organized by Padmashree Institute of Management and Sciences, Bangalore

<b>Title</b>	Quality Control Skills in Bioindustry
<b>Date</b>	06/03/2020
<b>Number of Participants</b>	36
<b>Event</b>	Quality Control Skill Development Program

### Program Schedule

Day 1 - 06/03/2020		
Time	Session	Speakers
09:30AM-11:15AM	Introduction of importance of quality control skills in bio industry (food processing and nutraceutical industry)	Dr. Vasanth Director Biomylz
11:15AM- 11:30AM	Tea break	
11:30AM-12:30PM	Effect of processing on nutraceutical ingredients	Dr. Anuradha M Principal Padmashree Institute of Management and Sciences
12:30PM-01:30PM	Lunch break	
01:30PM-04:30PM	Reporting and documentation in quality	Mrs. Deepa Head-R&D, Quality Kottaram Agro Foods Pvt Ltd

Day 2- 07/03/2020		
Time	Session	Speakers
9:30AM-12:30PM	Essentials of quality control and quality assurance. session -1	Mr. Velumurugan Shanmugam VP- Technical Affairs Biogenero labs Pvt
11:15AM- 11:30AM	Tea break	
11:30AM-12:30PM	Essentials of quality control and quality assurance. session -2	Mr. Velumurugan Shanmugam VP- Technical Affairs

		Biogenero labs Pvt
12:30PM-01:30PM	Lunch break	
01:30PM-04:30PM	Essentials of quality control and quality assurance. session -3	Mr. Velumurugan Shanmugam VP- Technical Affairs Biogenero labs Pvt

Day 3 - 09/03/2020		
Time	Session	Speakers
09:30AM-11:15AM	Quality aspects and regulations (India) of nutraceuticals scale up in product development	Dr. Muruganantham N Business Development and Scientific Affairs Natural Remedies Pvt Ltd
11:15AM- 11:30AM	Tea break	
11:30AM - 01:00 PM	Quality control aspects in microbiology	Mr. Thammaiah Thelapanda Senior Manager- Training and Auditing Academy Division TUV SUD South Asia Pvt Ltd
01:00PM-02:00PM	Lunch break	
02:00PM- 03:00PM	A journey from campus to corporate	Dr. Anuradha M Principal Padmashree Institute of Management and Sciences
03:00PM-04:30PM	Hands-on workshop on documentation	PIMS Seminar team

Day 4 - 10/03/2020		
Time	Session	Speakers
10:00AM-11:30AM	Quality control in protein drugs	Dr. Deepti Saini Director-Research Protein Design
11:30AM- 11:45AM	Tea break	
11:45AM - 12:45 PM	Life science skills	Dr. B. Y. Satish Kumar Assistant Professor & Chair Person Dept. of Biotechnology JSS College, Mysore
12:45PM-01:30PM	Lunch break	
01:30PM-04:30PM	Regulatory policies and guidelines in life science industry	Dr. Ramgopal Rao S Manager-Academics

		Biocon Academy
10:00AM-11:30AM	Quality control in protein drugs	Dr. Deepti Saini Director-Research Protein Design

## Program Summary

National seminar and workshop on “Quality Control Skills in Bio Industry” was been organized by our college on 06th -10th March, 2020. The session was organized for students to impart knowledge about the quality control skills required in the Bioindustry. The eminent speakers from industries and institutes were invited for the seminar. Dr. Vasanth, gave an overview about the Quality control skills and importance of acquiring those skills in Food Processing and Nutraceutical Industry. The students were also enlightened with the knowledge about nutraceutical ingredients, and effects of processing on nutraceuticals. The next day, first session was delivered by Mrs. Deepa about the documentation process in the quality control, the process of reporting in industry and importance of documentation. This session was a great opportunity for students to gain completed knowledge about the essential requirements of quality control, the functioning of quality department and detailed process of quality control in various industries, they were also imparted with knowledge of quality assurance-roles and responsibilities.

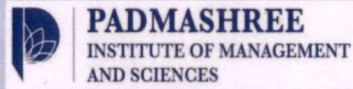

Day 3, the talks were related to nutraceutical industry. Dr. Muruganatham from Natural remedies gave an insightful session about the quality aspects, regulatory guidelines for nutraceutical products and process of approval in nutraceuticals industry. He also stressed about the planning required for scaling up the nutraceutical product. This was followed by talk on quality control aspects in microbiology department, the process of testing the new products, documentation and reporting of microbial analysis in food and nutraceutical industry delivered by Dr. Thammaiah Thelapanda.

The last day session was a wrap up sessions about the quality control and regulatory guidelines in Life Science and Nutraceutical Industry. The first talk was delivered by Dr. Deepti Saini, about the quality control skills in protein drugs, followed by talk on skills required to pursue career in Life Science Industry by Dr. B. Y. Satish Kumar. The last session was delivered by Dr. Ramgopal Rao S, who imparted students with the knowledge of Regulatory policies and guidelines in Bioindustry.

 Management & Sciences

counseling programme on CA-CPT for MBA, M.Com and B.Com students. Total 86 students participated in the programme. Resource person spoke about the foundation and career opportunities of CA – CPT for commerce and management students.

In addition, she reiterated about CA Profession, Chartered Accountant (CA) is a professional who work in the field of finance and business. CA would provide financial and investment advice to their clients and also guide them about money management. Their primary work responsibilities are **auditing, taxations, financial accounting and reporting** and its general management. CA can work in a private company and are hired by the government.

### **Roles and responsibilities for Chartered Accountant (CA)**

- Prepare, examine, or analyze accounting records and financial statements.
- Analyze financial reports to assess accuracy, completeness, and conformance to reporting and procedural standards.
- Establish tables of accounts, and assign entries to proper accounts.
- Provide internal and external auditing services for businesses or individuals.
- Analyze business operations, trends, costs, revenues, financial commitments, and obligations to project future revenues and expenses or to provide advice.
- Advise management about issues such as resource utilization, tax strategies, and the assumptions underlying budget forecasts.
- Report to management regarding the finances of establishment.
- Develop, implement, modify, and document recordkeeping and accounting systems, making use of current computer technology.
- Compute taxes owed and prepare tax returns, ensuring compliance with payment, reporting, or other tax requirements.
- Maintain or examine the records of government agencies.
- Advise clients in areas such as compensation, employee health care benefits, the design of accounting or data processing systems, or long-range tax or estate plans.
- Develop, maintain, and analyze budgets, preparing periodic reports that compare budgeted costs to actual costs.
- Represent clients before taxing authorities and provide support during litigation involving financial issues.
