### Program Summary

The webinar "Craft your career in COVID-19 era" was organized by Padmashree Institute of Management and Sciences on August 7th and 8th, 2020 was aimed at exploring the impact of the COVID-19 pandemic on education and providing insights on how to navigate the changing career landscape during these challenging times.

The speakers discussed about various innovative solutions and online platforms that can be used for remote teaching and learning, as well as assessment and examination. They also highlighted the importance of

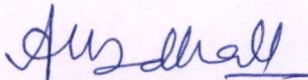

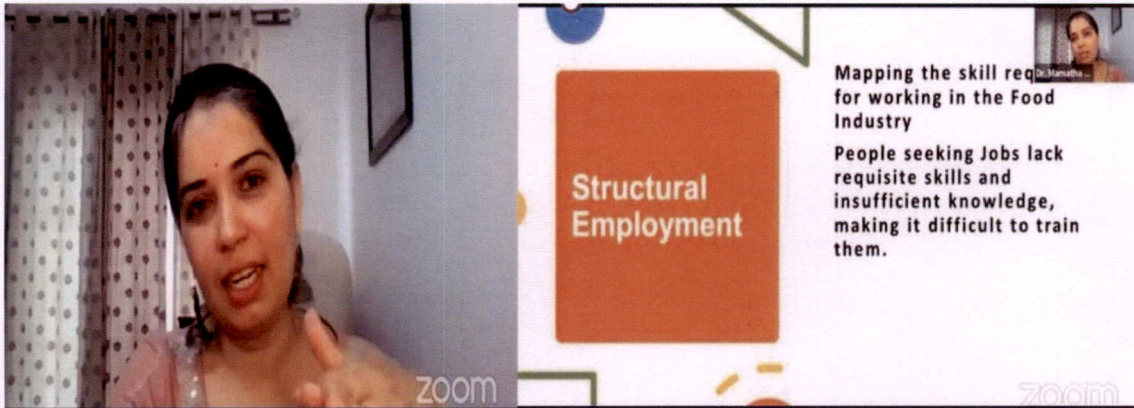

*Anuradha M*  
**Dr. Anuradha. M**  
 Principal  
 Padmashree Institute of  
 Management & Sciences

developing skills that are relevant in the current job market, such as digital literacy, critical thinking, problem-solving, and adaptability.

Dr. Anuradha, Principal, PIMS, addressed the gathering and emphasized the importance of staying focused on career goals and seeking out opportunities for growth and development during these challenging times. Overall, the webinar provided valuable insights on how to adapt to the changing career landscape in the COVID-19 era, and how to continue to pursue professional growth and development despite the challenges posed by the pandemic. The program was formally concluded with a vote of thanks.

### Program Summary

The program was conducted for under graduate students on 6<sup>th</sup> October 2020, based on the theme “Bridging the Academy and Industry Gap: A Way Forward”.

Prof. SS Easwaran gave an insight about the topic “Skill Development to enhance career opportunities”. The talk was focussed on importance of acquiring skills and importance of Skill based learning in industry, research and for higher studies. The expert insisted on importance of acquiring knowledge through practical skills and conceptual learning, that will enhance logical skills.

Dr. Anuradha M. spoke about topic “Interdisciplinary approach for career growth: Sky is the limit”. The talk focussed on importance of acquiring knowledge from various domains for research and career growth. The students were also enlightened with basic skills and techniques required in individual domains like Food Science and Nutrition, Life Sciences

### Program Summary

The Padmashree Institute of Management and Sciences conducted a training program on Hazard Analysis Critical Control Point (HACCP) in March 2021. The program was organized in association with TUV SUD South Asia Pvt Ltd. and K-Tech Innovation Hub. The training was conducted by a proficient trainer, Mrs. Navita Pinto from TUV SUD South Asia Pvt. Ltd. Bengaluru. The program helped the participants learn about the HACCP system, its importance in managing food safety risks, and the HACCP regulations followed in the food manufacturing industry. The participants also gained knowledge and confidence in applying the Codex 12 steps to HACCP for developing, implementing, and maintaining a HACCP-based food safety management system.

## Program Summary

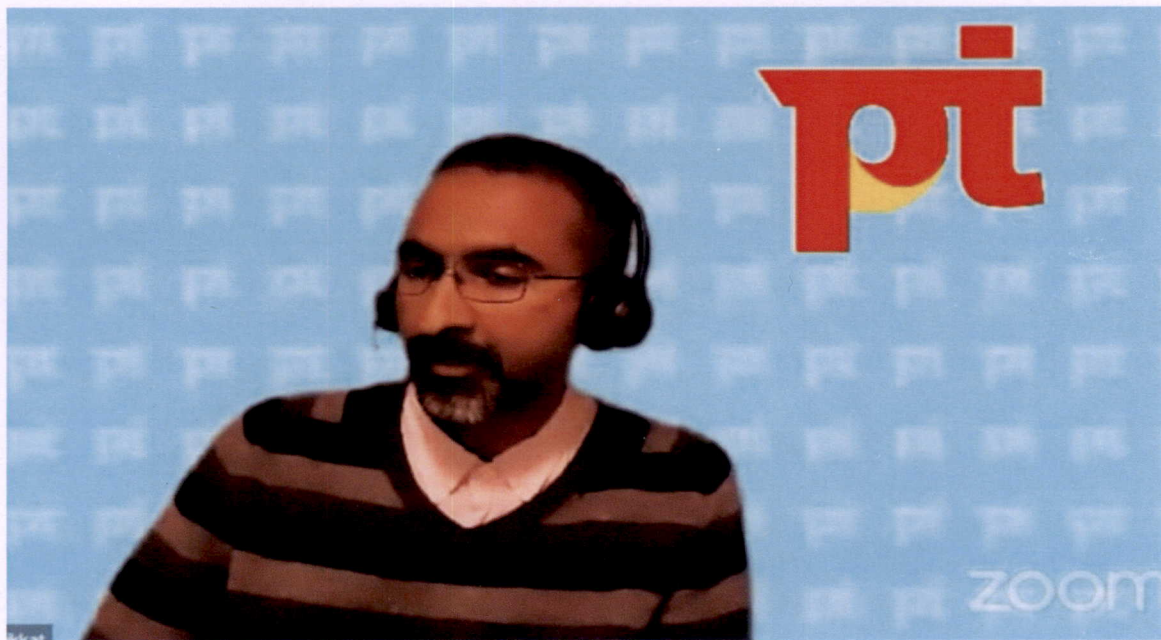

Upskill Yourself for Dream Career virtual webinar has been organized by Padmashree Institute of Management and Sciences on 22-05-2021. A quality management system is essential to the success of the life sciences industry. However, meeting business goals requires quality regulatory compliance for continuous improvement and safety assurance of products. While profit-making is the goal of most businesses, life sciences enterprises focus on saving lives.

The life science industry must comply with several regulatory requirements to design and manufacture safe and quality products. Dr. Chalam Plachikatt and Dr. Sudepta Banerjee were the speakers, they delivered talk on upskilling ourselves for our dream career, they gave insights on the topic and elaborated with their life experiences; further, the program was concluded formally with a vote of thanks by thanking all the organizers, teachers and participants for making the program a success.
