Program Summary

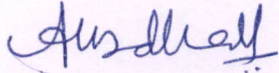

The Padmashree Institute of Management and Sciences held a webinar on July 17, 2021, about scholarships for higher education. The webinar emphasized on various scholarship opportunities, such as the PG Indira Gandhi Scholarship for single girl child, ISHAN UDAY, PG Scholarship for University rank holders, and more. They also discussed about eligibility criteria and required documents for applying for scholarships in India and abroad. Overall, the webinar was helpful for students who want to know about scholarship opportunities for higher education.

Program Summary

The session began with invocation, and Dr. Anuradha M, Principal of the institute, shared insights about the CSIR NET exams and PIMS collaboration with Azyme Biosciences for coaching. Dr. Raghunath N., the Research & JRF exams coordinator, gave an informative talk on tips and strategies of how to clear the CSIR NET exam and become a JRF, also briefed about the syllabus and NET coaching in detail. The session was helpful for students to gain knowledge about how to prepare for competitive exams.

Program Summary

The industrial expert talk on “Gene editing in drug discovery and career mapping” by Dr Kirthana M V Sindhe enlightened the students about various gene editing techniques used in drug discovery. The speaker highlighted the latest ongoing research in Merck and how they use the technique in the drug discovery pipeline. The talk also emphasised about the benefits of CAR-T therapy as a tool to treat cancer and the various research contributions by Merck in the present field.

Program Summary

Dr. Deepti Saini, Director- Research, Protein Design Pvt Ltd, gave an insight about various training provided by Protein Design. The session was on the protein engineering and purification techniques. The students gained knowledge about how the recombinant protein is produced and purified. The speaker also emphasized on the chromatography a widely used protein purification technique and the process was briefly elaborated. Dr. Deepti Saini also spoke about the career opportunities in protein designing.

Dr. Anuradha. M
 Principal
 Padmashree Institute of
 Management & Sciences

Program Summary

The Padmashree Institute of Management and Sciences organized an industry expert talk for PG students on career development in Pharma and Life Science. Mr. N.S. Sreenath, the director of Merck, highlighted the importance of Life Science in the pharma industry and its relevance in the current health sector. He shared insights about drug discovery, drug manufacturing and analysis techniques, growth aspects of the pharma sector, and major commercial prospects of pharmaceutically important products. Mr. Sreenath also emphasized the importance of skills in the pharma industry and the need to acquire strong basic knowledge in Life Sciences for technical progress and growth in the pharmaceutical sector. The talk was informative and helpful for students interested in pursuing careers in pharma and life sciences.

Padmashree Institute of
Management & Sciences

Food Science vs. Food Technology

- Food science = study of all aspects of food, including processing, storage, and preparation
 - Biology
 - Chemistry
 - Physics
- Food Technology = tools and techniques that help with food production, processing, storage, preparation
 - Food tech comes from food science

Program Summary

The Webinar series on “Entrepreneurship Development” was organized by Padmashree Institute of Management and Sciences from 14th to 21st February 2022. It was a collaborative effort with Radiant Research and Kanthi Lab Services Pvt Ltd. The workshop featured various speakers who shared insights on entrepreneurship development. Topics covered included entrepreneurship and business opportunities in the field of life sciences, marketing management skills, global development through entrepreneurship opportunities for women, success strategies for budding entrepreneurs, food product development, business incubators and accelerators, business ethics, funding opportunities, project proposal writing, and new food product development. The workshop aimed to develop entrepreneurial skills in students and promote self-employment among the young generation.

Program Summary:

Career opportunities in Human resource domain is highly rewarding career as mentioned by the resource person Ms.Srinidhi Rao, in addition, she also mentioned about latest trends in Human resource area.

Human resource is a career that involves numerous job functions, including:

- Recruiting, interviewing, screening, and hiring employees
- Dealing with employee conduct and engagement
- Helping employees understand benefits packages
- Acting as a liaison between the employer and employees
- Handling workplace discrimination and harassment issues

HR Professionals are responsible for understanding the needs of the employer and the employees as a human resource manager. Pursuing an MBA in human resources can help you understand these needs and help you climb the human resources career ladder.

Program Summary

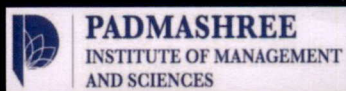

Padmashree Institute of management and sciences organized a workshop on "Developing Conversational quotient for increasing employability" on 3rd March 2022. Total 67 MBA students participated in the workshop. Resource person was Mr. Prasanna Venkatesh, Assistant Professor, Christ Academy Institute for Advanced studies. He highlighted the following points.

From intellectual intelligence to emotional intelligence, from book smarts to street smarts, everyone possesses unique abilities to achieve success. Conversational Intelligence is different. Everyone possesses it, and it's at work in every interaction.

This is true because humans are by nature, social creatures. We are hard-wired to depend on others. Knowing when to trust or fear is an innate skill — based on a set of chemical responses in the brain during conversations. Since, these changes occur whether or not we are aware of them, learning to influence them has game-changing power.

Dr. Anuradha. M
 Principal
 Padmashree Institute of
 Management & Sciences

Program Summary:

Padmashree Institute of management and science organized workshop on banking financial service and insurance industry. More than 60 students participated in the event. Career opportunities in BFSI sector has huge demand for commerce and management students, in this seminar, resource person highlighted about BFSI sector especially about non banking and financial services sector. He highlighted about career opportunities as follows;

- **Insurance agents:** Insurance agents are professionals who represent an insurance firm and sell policies to people on its behalf. Since this is a commission-based service, agents try to attract as many clients as possible to generate maximum value for their respective insurance companies. They are the official representatives of the company.
- **Bank and financial product sales executive:** Bank sales consultants and sales managers are responsible for handling and looking after the sales of all bank products and financial services to the clients. Products include loans, credit cards, mortgage, etc
- **Equity product sales executive:** Equity sales executives and/or equity dealers are responsible for researching latest equity trends, fund management, and generating total returns on allotted assets
